BMVN.

Huu Tuan Nguyen is a special counsel in the Commercial, Data, IP Tech and Trade Practice Group.

Professional Experience

Practice Focus

Huu Tuan is consistently involved in significant matters for prominent clients and has over ten years of extensive experience. He has a profound understanding on various legal aspects, including provision of legal advice and represent clients on intellectual property, cyber security, data privacy, technology, commercial and trade, and dispute resolution.

His works cover a full range of contentious and non-contentious aspects in the TMT space and acts for leading clients across the technology, entertainment, telecom, film, fashion, and consumer goods sectors. He regularly advises and represents multinational companies on tech-related transactions, data protection, privacy, e-commerce, compliance and disputes.

His work also covers IP law, focusing on copyright, unfair competition, domain names, and commercial intellectual property, including licensing arrangements, trade secrets, and technology laws. In addition, he is also well experienced in commercial contracts, marketing and advertising matters.
